# Fusion Reflector

## Dimensions

Length	18' 6"
Width	44"
Height	24"
Chamber Length	12'
Chamber Width	15"
Weight	1,400 LBS
Configuration	Trailer

*Part of Train System*

## *Seamless paving starts with a Fusion!*

The Fusion Reflector features a 12'L x 15"W completely stainless steel chamber with no heating converters. This chamber is mounted on a trailer that can be hauled to the site and linked with other Fusion Seamless or Fusion Reflector units to form a heating train. This chamber is meant to follow one or multiple Fusion Seamless units to hold the heat down onto the asphalt to increase absorption time.

<b>Wheels</b>	(2) Center Wheels & (4) Swivel Casters	<b>Height Adjustment</b>	(2) Jacks for Adjustment
